

Request for Proposal (RFP)

For: Impact evaluation of training and capacity development activities under Libraries Unlimited project

Date: 05 February 2020

1 Overview of the British Council

1.1 The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

1.2 We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body

1.3 The British Council employs over 10,500 staff worldwide. It has its headquarters in the UK, with offices in London, Manchester, Belfast, Cardiff and Edinburgh. Further information can be viewed at www.britishcouncil.org.

2 Introduction and Background to the Project / Programme

2.1 *Libraries Unlimited* addresses the urgent need in Bangladesh for greater access to information for all citizens. In particular, there is a lack of access to basic information for self-improvement to health, literacy, education, housing and government services. Additionally, citizens have little access to information to improve their livelihood options and professional growth in terms of skills for employability, business opportunities and even entrepreneurship. Communities lack designated spaces that provide opportunities to participate in collective educational and cultural activities

2.2 To address this challenge, *Libraries Unlimited* will improve access to information and knowledge in Bangladesh. The programme has been designed based on the findings of the Library Landscape Assessment in Bangladesh (LLAB) published in June 2015 (the research report can be found here: <http://www.britishcouncil.org.bd/en/library-landscape-assessment-bangladesh>). Libraries will help millions of people in Bangladesh learn their way out of poverty. To achieve this, the current library structure needs to go through a radical process of transformation, upgrading infrastructures, services and resources to meet the needs of 21st century societies. The intervention proposed through *Libraries Unlimited* will trigger and help sustain this process of transformation. The three core areas of action are:

- Creating, through policy dialogues, advocacy and outreach to key stakeholders, a momentum to support the process of modernisation of libraries in order to meet the needs of the information poor
- Developing a number of model libraries in partnership with the Government of Bangladesh and NGO stakeholders, including improvement of infrastructure and technological upgrade
- An extensive nationwide training programme for government officials and library staff

2.3 The Libraries Unlimited project in coordination with the Department of Public Libraries (DPL) delivered several training and non-training capacity building activities for staff members of government public libraries during 2017-2019. The activities included:

Training support for capacity building

- Strengthening innovative library leaders (SILL)
- Customer focused service delivery
- Community engagement
- Communication skills
- Basic ICT training
- E-filing training
- Training of trainers on training and facilitation skills
- Training of Trainers on Brick Play

Non-training capacity building support

- Exposure visit to – a. UK libraries; b. Indian libraries

Participation in World Library and Information Congress (IFLA Conference) Overall purpose

Any tender responses not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

Stage 2: The completed Qualification Questionnaire (*if used*) will then be reviewed to confirm that the potential supplier meets all of the qualification criteria set out in the questionnaire. Potential suppliers that meet the qualification criteria will proceed to Stage 3. Potential suppliers that do not meet the qualification criteria set out in the Qualification Questionnaire (*if used*) may be excluded from the Procurement Process at this point. Where a potential supplier is excluded at this point, its tender response will be rejected in full and not evaluated further and the supplier will automatically be disqualified from this Procurement Process.

Stage 3: If a bidder succeeds in passing Stages 1 and 2 of the evaluation, then it will have its detailed tender response to the British Council's requirements evaluated in accordance with the evaluation methodology set out below. Information provided as part of Qualification Questionnaire (*if used*) responses may also be verified as part of this stage.

14.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantages tender using the following criteria and weightings and will be assessed entirely on your response submitted:

Understanding of the assignment	20%
At least 05 years of experience in evaluating training and capacity building activities	20%
At least 03 successful completion of similar assignments with international organizations/ nationwide projects	20%

------------	-----

14.3 Scoring Model – Tender responses will be subject to an initial review at the start of Stage 3 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.
5	Adequate – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder’s failure to provide all of the evidence requested.
3	Poor – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	Unacceptable – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

14.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation. Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the British Council as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full tender response at

this point. The British Council may also reject any tender response where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score of 10 will be awarded to the tender response offering the lowest “Overall Price”. Other tender responses will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

14.5 Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

14.6 The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information or references relating to any Qualification Question responses) obtained by the Authority relating to any self-certification or other requirements referred to in the Qualification Questionnaire (*if used*). If any verification evidence requested from a supplier, or a relevant third party as may be referred to by the supplier in the Qualification Questionnaire (*if used*) as a party prepared to provide such information, is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
