Request for Proposals (RFP)-AUHC-2020-001
Subcontractor Voucher Examination Services

Dear Sir or Madam,

Chemonics International Inc.'s Liaison Office in Bangladesh (hereinafter referred to as "Chemonics") is issuing a Request for Proposals (RFP) for the provision of subcontractor voucher examination services. The attached RFP contains all the necessary information for interested Offerors.

Chemonics, registered and operating as a liaison office in Bangladesh, is implementing the United States Agency for International Development's (USAID) Advancing Universal Health Coverage (AUHC) project under Contract No. AID-388-C-17-00001. The AUHC project is a USAID-funded health initiative to assist the goals of the Government of Bangladesh to significantly expand access to safe, affordable and quality health services, while increasing financial protection, particularly of the poor, in support of the Government of Bangladesh's National Health Care Financing Strategy (2012-2032), under which universal health coverage is a key priority.

An integral part of AUHC is overseeing the cost-reimbursable subcontract of local social enterprise Surjer Hashi Network (SHN) for the provision of health care services in 294 clinics. Each month under the subcontract, SHN submits invoices for payment of clinic management services which include payroll for approximately 4,700 employees and clinic operating costs for 294 clinics. Processing these invoices, and the examination of backup documentation for expenses claimed thereon, is extremely labor intensive and outside the resource capacity of AUHC's current grants and subcontracts team to accomplish within a reasonable amount of time to effect payment to SHN and ensure it has adequate cash flow. Therefore, Chemonics is soliciting proposals for the provision of this voucher examination service to assist in the timely payment of invoices.

Companies or organizations should indicate their interest in submitting a proposal for the anticipated subcontract by sending an email indicating their intention to Procurement Specialist Md. Ashraful Islam at mdislam@auhproject.org, copying procurement@auhproject.org by 5:00pm on January 26, 2020.

Chemonics realizes that Offerors may have additional questions after reading this RFP. Interested Offerors can submit their questions to Mr. Ashraful according to the instructions in Section I.1.6 of the RFP.

Interested offerors are requested attend a bidders' conference on January 29, 2020 at 11:00am at the AUHC project office at Genetic Baro Bhuyan (13th Floor) Building, H-CWN (A) 3A, Road-49, Kemal Ataturk Avenue Gulshan-2, Dhaka. Chemonics will provide answers to all relevant questions received from the bidders' conference, which will be emailed directly to all interested offerors who submitted and expression of interest by the deadline stated above.

This RFP does not obligate Chemonics to execute a subcontract nor does it commit Chemonics to pay any costs incurred in the preparation and submission of the proposals. Furthermore, Chemonics reserves the right to reject any and all offers, if such action is considered to be in the best interest of Chemonics.

Sincerely,
Joseph Urban
Deputy Chief of Party, Operations and Finance

Section I. Instructions to Offerors

I.1. Introduction

Chemonics' Liaison Office in Bangladesh, the Buyer, acting on behalf of the U.S. Agency for International Development (USAID) and the Advancing Universal Health Coverage (AUHC) Activity, under contract number AID-388-C-17-00001 is soliciting offers from companies and organizations to submit proposals for subcontractor voucher examination services for the Surjer Hashi Network (SHN).

Chemonics, registered and operating as a liaison office in Bangladesh, is implementing the United States Agency for International Development's (USAID) Advancing Universal Health Coverage (AUHC) project under Contract No. AID-388-C-17-00001. The AUHC project is a USAID-funded health initiative to assist the goals of the Government of Bangladesh to significantly expand access to safe, affordable and quality health services, while increasing financial protection, particularly of the poor, in support of the Government of Bangladesh's National Health Care Financing Strategy (2012-2032), under which universal health coverage is a key priority.

An integral part of AUHC purchasing the services of the Surjer Hashi Network (SHN) to administer and provide services in 294 health clinics throughout Bangladesh. This is accomplished through a cost-reimbursable subcontract between Chemonics and SHN which began on April 1, 2019. Each month, SHN is required to submit invoices for payment of clinic management services which include payroll for approximately 4,700 employees and clinic operating costs for 294 clinics. Processing these invoices, and the examination of backup documentation for all expenses claimed thereunder, is extremely labor intensive and outside the resource capacity of AUHC's current grants and subcontracts team to accomplish within a reasonable amount of time to effect payment to SHN and ensure it has adequate cash flow. Chemonics currently retains an auditing firm to carry out this voucher examination service, the final month of which is March 2020. As Chemonics will continue purchasing services through the SHN subcontract, it is now soliciting proposals for the provision of this voucher examination service to assist in the timely payment of invoices for the period April 2020 to March 2021.

Chemonics will issue an award to one company or organization. The award will be in the form of a firm fixed-price subcontract (hereinafter referred to as "the subcontract"). The successful Offeror shall be required to adhere to the statement of work and terms and conditions of the subcontract, which are incorporated in Section III herein.

Offerors are invited to submit proposals in response to this RFP in accordance with **Section I Instructions to Offerors**, which will not be part of the subcontract. The instructions are intended to assist interested Offerors in the preparation of their offer. Any resulting subcontract will be guided by Sections II and III.

This RFP does not obligate Chemonics to execute a subcontract nor does it commit Chemonics to pay any costs incurred in the preparation and submission of the proposals. Furthermore, Chemonics reserves the right to reject any and all offers, if such action is considered to be in the best interest of Chemonics.

Unless otherwise stated, the periods named in the RFP shall be consecutive calendar days.

I.2. Offer Deadline

Offerors shall submit their offers electronically only.

E-mailed offers must be received no later than 5:00pm local Dhaka time on February 19, 2020, at the following address:

An award will be made to the offeror whose proposal is determined to be responsive to this solicitation document, meets the eligibility criteria stated in this RFP, meets the technical, management/personnel, and corporate capability requirements, and is determined to represent the best value to Chemonics. Best value will be decided using the tradeoff process.

This RFP will use the tradeoff process to determine best value. That means that each proposal will be evaluated and scored against the evaluation criteria and evaluation sub-criteria, which are stated in the table below. Cost proposals are not assigned points, but for overall evaluation purposes of this RFP, technical evaluation factors other than cost, when combined, are considered approximately equal to cost factors. If technical scores are determined to be equal or nearly equal, cost will become the determining factor.

In evaluating proposals, Chemonics will use the following evaluation criteria and sub-criteria:

Evaluation Criteria	Evaluation Sub-criteria	Maximum Points
Technical Approach, Methodology, and Detailed Work Plan		
	Technical know-how – Does the proposal clearly explain, understand and respond to the objectives of the project as stated in the Scope of Work?	15 points
	Approach and Methodology – Does the proposed program approach and detailed activities and timeline fulfill the requirements of executing the Scope of Work effectively and efficiently?	15 points
	Sector Knowledge – Does the proposal demonstrate the offeror's knowledge	10 points

	related to technical sectors required by the SOW?	
Total Points – Technical Approach		40 points
Management, Key Personnel, and Staffing Plan		
	Personnel Qualifications – Do the proposed team members have necessary experience and capabilities to carry out the Scope of Work?	20 points
Total Points – Management		20 points
Corporate Capabilities, Experience, and Past Performance		
	Company Background and Experience – Does the company have experience relevant to the project Scope of Work?	40 points
Total Points – Corporate Capabilities		40 points
Total Points		100 points

Evaluation points will not be awarded for cost. Cost will primarily be evaluated for realism and reasonableness. If technical scores are determined to be nearly equal, cost will become the determining factor.

This RFP utilizes the tradeoff process set forth in FAR 15.101-1. Chemonics will award a subcontract to the offeror whose proposal represents the best value to Chemonics and the AUHC project. Chemonics may award to a higher priced offeror if a determination is made that the higher technical evaluation of that offeror merits the additional cost/price.

I.9. Negotiations

Best offer proposals are requested. It is anticipated that a subcontract will be awarded solely on the basis of the original offers received. However, Chemonics reserves the right to conduct discussions, negotiations and/or request clarifications prior to awarding a subcontract. Furthermore, Chemonics reserves the right to conduct a competitive range and to limit the number of offerors in the competitive range to permit an efficient evaluation environment among the most highly-rated proposals. Highest-rated offerors, as determined by the technical evaluation committee, may be asked to submit their best prices or technical responses during a competitive range. At the sole discretion of Chemonics, offerors may be requested to conduct oral presentations. If deemed an opportunity, Chemonics reserves the right to make separate awards per component or to make no award at all.

I.10. Terms of Subcontract

This is a request for proposals only and in no way obligates Chemonics to award a subcontract. In the event of subcontract negotiations, any resulting subcontract will be subject to and governed by the terms and clauses detailed in Section III. Chemonics will use the template shown in section III to finalize the subcontract. Terms and clauses are not subject to negotiation. By submitting a proposal, offerors certify that they understand and agree to all of the terms and clauses contained in section III.

I.11. Privity

By submitting a response to this request for proposals, offerors understand that USAID is NOT a party to this solicitation.

Section II Background, Scope of Work, Deliverables, and Deliverables Schedule

II.1. Background

USAID's Advancing Universal Health Coverage (AUHC) activity has been working to provide high-quality health and family planning services in Bangladesh as a continuation of USAID's support to the Government's essential health service delivery ensuring universal health coverage, while offering financial protection for those who cannot pay for services. The AUHC project supports a transition of the management of the Smiling Sun (Surjer Hashi) clinics to a unified, sustainable, pro-poor social enterprise, the Surjer Hashi Network (SHN), through a cost-reimbursable subcontract with SHN.

About SHN: SHN is a year-old social enterprise that provides primary health services to poor and marginalized populations through a network of nearly 294 clinics in 61 districts in Bangladesh. Approximately half of the clinics operate in rural areas; the remaining provide services to urban and peri-urban populations. The range of services provided through SHN are family planning, child health and immunization services, limited curative care, tuberculosis identification and treatment, antenatal and postnatal care, and labor and delivery services.

On April 1, 2019, SHN entered into a cost-reimbursable subcontract with Chemonics. Each month, it is required to submit invoices for payment of clinic management services which include payroll for approximately 4,700 employees and clinic operating costs for 294 clinics. Processing these invoices, and the examination of backup documentation for all expenses claimed thereunder, is extremely labor intensive and outside the resource capacity of AUHC's current grants and subcontracts team to accomplish within a reasonable amount of time to effect payment to SHN and ensure it has adequate cash flow.

The current voucher examination subcontract covers the examination of SHN vouchers through SHN's February 2020 invoice submitted in March 2020. The successful Offeror will provide follow-on voucher examination service to assist in Chemonics' timely payment of SHN's invoices beginning with SHN's March 2020 invoice submitted in April 2020.

II.2. Scope of Work

Each month, the voucher examination firm will carry out tasks that include, but are not limited to:

- Reviewing SHN's invoice cover page to ensure all required information is correct, such as the:
 - Current incremental funding (obligation amount);
 - Current cumulative invoiced amount vs. incremental funding ceiling;
 - Current cumulative invoiced amount vs. overall subcontract budget ceiling;
 - Invoiced amount vs. substantiated costs;
- Verify that invoices received from SHN are signed by an authorized signatory certifying their accuracy;
- Reviewing all receipts, ensuring expensed costs on invoices match those recorded on receipts;
- Reviewing receipts for authenticity, bringing to Chemonics' attention any that appear not to be genuine;
- Conducting random verification checks of submitted backup documentation, viz. visiting vendors, calling activity participants, verifying airline boarding pass reservation numbers, etc.;
- Reviewing SHN policy manuals and cost accounting standards, the SHN subcontract with Chemonics, and the FAR and AIDAR against invoiced costs to determine allocability and reasonableness;
- Ensuring that any cost greater than \$75 is justified with a receipt;
- Communicating to SHN any deficiencies in their monthly invoices and steps that must be taken to correct them for prompt payment; and

- Reporting to Chemonics all questioned costs on each month’s invoice and the reasons for any questioned costs that may not yet be paid to SHN and providing a total amount that may be paid under the monthly invoice.

II.3. Deliverables

The successful Offeror shall deliver to Chemonics the following deliverables, in accordance with the schedule set forth in II.4 below.

Deliverables No. 1-12: Monthly Voucher Report – April 2020 to March 2021

Within 15 calendar days of receiving SHN’s monthly invoice from Chemonics, the Subcontractor will report:

- Current incremental funding (obligation amount);
- Current cumulative invoiced amount vs. incremental funding ceiling;
- Current cumulative invoiced amount vs. overall subcontract budget ceiling;
- Invoiced amount vs. substantiated costs;
- That the monthly invoice was received from SHN signed by an authorized signatory certifying its accuracy;
- Whether all expensed costs on the invoice were backed up by receipts or were in line with SHN’s internal policies, and if any were not, which, and their amounts;
- Whether any irregularities appeared in any receipts, signatures, or other submitted verification documentation which caused the Subcontractor to believe that certain documentation was not genuine;
- Which random verification checks of submitted backup documentation, viz. visiting vendors, calling activity participants, verifying airline boarding pass reservation numbers, etc., were carried out by the Subcontract that month, and their results;
- Whether any expensed costs violated SHN policy and/or cost accounting standards, the terms of the SHN subcontract with Chemonics, and/or the FAR or AIDAR;
- Whether any costs contained in that month’s invoice appear otherwise unreasonable to the Subcontractor and why;
- A summary of questioned costs from previous month’s invoices in addition to the current month’s invoice, and a brief explanation for the questioned costs that may not yet be paid to SHN; and
- The total amount that may be paid under that month’s invoice.

This report shall be no longer than 10 pages.

II.4. Deliverables Schedule

The successful offeror shall submit the deliverables described above in accordance with the following deliverables schedule:

Deliverable Number	Deliverable Name ¹	Due Date
1	Monthly Voucher Report – April 2020	
2	Monthly Voucher Report – May 2020	

¹ Months in this column refer to the months in which SHN will submit an invoice billing for costs incurred in the previous month. For example, the May 2020 monthly voucher report will be reporting on SHN’s April 2020 invoice submitted in May 2020.

Section A. BACKGROUND, SCOPE OF WORK, DELIVERABLES AND DELIVERABLES SCHEDULE

A.1. Background

USAID's Advancing Universal Health Coverage (AUHC) activity has been working to provide high-quality health and family planning services in Bangladesh as a continuation of USAID's support to the Government's essential health service delivery ensuring universal health coverage, while offering financial protection for those who cannot pay for services. The AUHC project supports a transition of the management of the Smiling Sun (Surjer Hashi) clinics to a unified, sustainable, pro-poor social enterprise, the Surjer Hashi Network (SHN), through a cost-reimbursable subcontract with SHN.

About SHN: SHN is a year-old social enterprise that provides primary health services to poor and marginalized populations through a network of nearly 294 clinics in 61 districts in Bangladesh. Approximately half of the clinics operate in rural areas; the remaining provide services to urban and peri-urban populations. The range of services provided through SHN are family planning, child health and immunization services, limited curative care, tuberculosis identification and treatment, antenatal and postnatal care, and labor and delivery services.

On April 1, 2019, SHN entered into a cost-reimbursable subcontract with Chemonics. Each month, it is required to submit invoices for payment of clinic management services which include payroll for approximately 4,700 employees and clinic operating costs for 294 clinics. Processing these invoices, and the examination of backup documentation for all expenses claimed thereunder, is extremely labor intensive and outside the resource capacity of AUHC's current grants and subcontracts team to accomplish within a reasonable amount of time to effect payment to SHN and ensure it has adequate cash flow.

A.2. Scope of Work

Content will be developed based on the successful Offeror's proposal and Section II of the RFP.

A.3. Deliverables

The Subcontractor shall deliver to Chemonics the following deliverables, in accordance with the schedule set forth in Section A.4, below.

Deliverables No. 1-12: Monthly Voucher Report – April 2020 to March 2021

Within 15 calendar days of receiving SHN's monthly invoice from Chemonics, the Subcontractor will report:

- Current incremental funding (obligation amount);
- Current cumulative invoiced amount vs. incremental funding ceiling;
- Current cumulative invoiced amount vs. overall subcontract budget ceiling;
- Invoiced amount vs. substantiated costs;
- That the monthly invoice was received from SHN signed by an authorized signatory certifying its accuracy;
- Whether all expensed costs on the invoice were backed up by receipts or were in line with SHN's internal policies, and if any were not, which, and their amounts;
- Whether any irregularities appeared in any receipts, signatures, or other submitted verification documentation which caused the Subcontractor to believe that certain documentation was not genuine;

- Which random verification checks of submitted backup documentation, viz. visiting vendors, calling activity participants, verifying airline boarding pass reservation numbers, etc., were carried out by the Subcontract that month, and their results;
- Whether any expensed costs violated SHN policy and/or cost accounting standards, the terms SHN’s subcontract with Chemonics, and/or the FAR and AIDAR;
- Whether any costs contained in that month’s invoice appear otherwise unreasonable to the Subcontractor and why;
- A summary of questioned costs from previous month’s invoices in addition to the current month’s invoice, and a brief explanation for the questioned costs that may not yet be paid to SHN; and
- The total amount that may be paid under that month’s invoice.

The Subcontractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

If lower tier subcontracting is authorized in this subcontract, the Subcontractor shall insert the substance of this clause in all subcontracts over the simplified acquisition threshold.

Section W. REPORTING ON SUBCONTRACTOR DATA PURSUANT TO THE REQUIREMENTS OF THE FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT

a) Public Availability of Information.

Pursuant to the requirements of FAR 52.204-10, Chemonics is required to report information regarding its award of subcontracts and sub-task orders under indefinite delivery/indefinite quantity subcontracts to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). This information will be made publicly available at <http://www.USASpending.gov>.

(b) Subcontractor's Responsibility to Report Identifying Data.

Within 7 days of an award of a subcontract or sub-task order with a value of \$30,000 or greater unless exempted, the Subcontractor shall report its identifying data required by FAR 52.204-10 (including executive compensation, if applicable) in the required questionnaire and certification found in Section I.6. If the Subcontractor maintains a record in the System for Award Management (www.SAM.gov), the Subcontractor shall keep current such registration, including reporting of executive compensation data, as applicable. If reporting of executive compensation is applicable and the Subcontractor does not maintain a record in the System for Award Management, Subcontractor shall complete the "FSRS Reporting Questionnaire and Certification" found in Section I.6 within 7 days of each anniversary of the subcontract award date.

If obtaining a DUNS number and reporting data is impractical for the Subcontractor, the Subcontractor must notify Chemonics and shall submit to Chemonics within 7 days of subcontract award a memorandum detailing the attempts made by the Subcontractor to obtain registration and a justification of why registration and/or data reporting was impractical. Contractual remedies may apply unless Chemonics concurs with the documented impracticality of registration.

(d) Remedy.

Failure to comply with the reporting requirements in a timely manner as required under this section may constitute a material breach of the Subcontract and cause for withholding payment to the Subcontractor until the required information has been supplied to Chemonics or the Subcontractor demonstrates to Chemonics that its System for Award Management record has been updated. In addition to contractual remedies, Chemonics may make the Subcontractor's failure to comply with the reporting requirements a part of the Subcontractor's performance information record.

Annex 2 Guide to Creating a Financial Proposal for a Fixed Price Subcontract

The purpose of this annex is to guide offerors in creating a budget for their cost proposal. Because the subcontract will be funded under a United States government-funded project, it is important that all offerors' budgets conform to this standard format. It is thus recommended that offerors follow the steps described below.

Step 1: Design the technical proposal. Offerors should examine the market for the proposed activity and realistically assess how they can meet the needs as described in this RFP, specifically in section II. Offerors should present and describe this assessment in their technical proposals.

Step 2: Determine the basic costs associated with each deliverable. The cost proposal should provide the best estimate of the costs associated with each deliverable, which should include labor and all non-labor costs, e.g. other direct costs, such as fringe, allowances, travel and transport, etc.

Other direct costs, i.e. non-labor, include for example the following:

1. Local travel and transportation, and associated travel expenses, if applicable,
2. Lodging and per diem expenses associated with travel, if applicable,
3. Rent
4. Utilities
5. Communications
6. Office supplies

Under no circumstances may cost information be included in the technical proposal. No cost information or any prices, whether for deliverables or line items, may be included in the technical proposal. Cost information must only be shown in the cost proposal.

Step 3: Create a budget for the cost proposal. Each offeror must create a budget using a spreadsheet program compatible with MS Excel. The budget period should follow the technical proposal period. A sample budget is shown on the following page.

Step 4: Write Cost Notes. The spreadsheets shall be accompanied by written notes in MS Word that explain each cost line item and the assumption why a cost is being budgeted as well as how the amount is reasonable.

Sample Budget

Offerors should revise the budget line items accordingly in response to the technical and cost requirements of this RFP.
