Organizational website Development

Dushtha Shasthya Kendra (DSK) is a non-government development organization (NGO) working to eliminate poverty of the targeted poor Bangladeshi population in selected hard-to-reach remote areas of the country. In Bangladesh, DSK was registered with Department of Social Welfare (Dha-02273) in 1989 and with NGO Affair's Bureau (No 577) in 1991. DSK received a license of Microcredit Regulatory Authority (MRA No 02100-01985-000369) in 2009. Depending on the geographic locations DSK's activities have been generally classified as urban and rural.

Slum dwellers and low income communities are target project participants in urban and rural areas. DSK targets to cover hard-to-reach poor and extreme poor households. In addition, DSK is active in urban slums, Haor (wetland) and coastal areas which are recognized as worse poverty pockets in Bangladesh. In urban slums, DSK has been implementing development interventions like-health care, micro credit, water and sanitation, disaster risk reduction, women empowerment, community institution building and non-formal education projects. In coastal districts and wet land (haor) areas it has provided emergency relief, rehabilitation, livelihood restoration, resilience and awareness building and facilitated preparedness building to face disaster risks and community empowerment. In rural areas, DSK also has been extending support through primary and secondary health care, micro credit, non-formal education, water sanitation and women empowerment etc.

DSK wish to develop a new dynamic, creative, interactive website. We are expecting a website which would be Mobile Compatible, Accessible to All Users, Well Planned Information Architecture, Well-Formatted Content That Is Easy to Scan, Fast Load Times, Browser Consistency, Effective Navigation etc.
