Response #5: There are no issues regarding LC. The supplier will be fully responsible for LC.

Question #6: Laboratory Refrigerator 140 lt. Product with 2 years warranty. Voltage / Amp / Frequency: 230V/ 50/60Hz, 110V 60Hz. a) Please clarify if your requirement is Laboratory Grade or Normal House hold type Refrigerator (such as Samsung, Transtec etc.). b) What is the required capacity In Liter? c) What is the temperature range of the refrigerator?

Response #6: a) Grade: Laboratory grade; b) Size: 140 liter; c) Temperature range: 2° to 7°C

Question #7: Laboratory deep freezer 70 lt. a) Is it Laboratory Grade -86°C Ultra Low Temperature Freezer or Normal Deep freezer (house hold type)? b) Capacity in Liter? c) Is it Upright Or Chest Freezer?

Response #7: a) Grade: Laboratory grade; b) Capacity: 70 liter; c) temperature range from -50°C to -85°C d) Type: Chest Freezer

Question #8: Analytical balance. a) Is thermal printer essential? (Normally Analytical balance become without Printer)

Response #8: Printer is not essential

Question #9: Long 1 ml tips with filter Molecular Bio Products *ART* Barrier tips, with Micro Point Cat. No. 2079 100-1000µl packaging 8 x 100 sterile. How much total Qty in PCs?

Response #9: Total quantity: 4 boxes (800pcs\box)

Questions #10: Sterile plastic centrifuge tubes 50 ml. Qty: How much total Qty in PCs?

Response #10: 500pcs\box= Total 8boxes

Question #11. Micro centrifuge tubes 1.5 ml Qty: How much total Qty in PCs?

Response #11: 500pcs\ box= 8 boxes

Question #12: Tri-Sodium citrate dehydrate. What is the pack size?

Response #12: 1kg\pac

Question #13: Adhesive labels. Labels, adhesive 50x19mm, packaging 486 pcs per box (10boxes). Qty: How much total Qty in PCs?

Response #13: (10 boxes=1unit or cartoon) X 5= 5 boxes or cartoon

Question #14: Sterile syringes 20 ml. Single use syringes, sterile 20 ml individual packed. What is the pack size?

Response #14: 50\pack

Question #15: Sterile syringe filter. Syringe filter for single use, ACRODISC LC PVDF 0.2µm 25mm. What is the pack size?

Response #15: 50\pack

Question #16: Tri-Sodium phosphate dodecahydrate. Tri-sodium phosphate dodecahydrate, NA3PO4·12H2O, MW:380.12 in plastic bottles. Plastic Bottles: How many liters/bottles.

Response #16 1kg in a total

RFQ: Procurement of TB Laboratory Equipment and Other Supplies

Responses to Questions from the Bidders

Question #1: Sodium hydroxide. Sodium hydroxide, NaOH, MW 40.00, purum ≥ 98%, pellets, in plastic bottle, tight screw cap (hygroscopic and CO2 binding from the air) for analyses EMSURE® ISO > 99%. Plastic Bottles: How many liters/bottles?

Response #1: 1kg

Question #2: Sodium chloride. What is the pack size?

Response #2: 1kg

Question #3: Deionized Water Plant for Autoclave machine. Will the offer include raw water tank 500L?

Response #3: NO, it would be connected to supply system.

Evaluation of RFQs

Question #1: How the quotations will be evaluated – item by item or total package?

Response #1: The evaluation will consider both the total package and item by item. FHI360 reserves the right to award the contract to a single bidder or issue multiple awards for different items to different bidders as deemed appropriate.

Important Notes

FHI360 has made some changes in the prescribed **Template for Submission of Quotation** as mentioned in the Request for Quotations. We have updated the RFQs in bdjobs.com accordingly. The revised template is also given below:

SI No	Items	Specification	Country of origin	Qty	Unit Price (BDT)	Total Price (BDT)	Expected Delivery Date from Purchase Order issued
