

Site PLAN (Information On The Scope Of Demolition)

The red lines indicate buildings scheduled for demolition. (Building demolition work is currently in progress.)
However, reconstruction applies only to **Academic Buildings**.

Site PLAN (Information On The Scope Of Demolition)

1. The Exterior of The Academic Building

Full View of BK TTC

[NOTE] The BK TTC Facility was Completed in 1963.

The Academic Building is Scheduled to Be Demolished and Reconstructed to The Same Size.

(However, The RAC Building and The Auditorium are to be Excluded from The Scope of Work.).

2. Interior View of The Ground Floor

Common Corridor of The Academic Building

Interior View of A Classroom in The Academic Building

[Note]

Demolition work is currently ongoing on the Academic Building, the RAC Building, and the auditorium.

(The demolition of the existing building, including the removal of the foundation, is expected to take approximately three months.)

3. Interior View of The 1st Floor

Common Corridor of the academic building

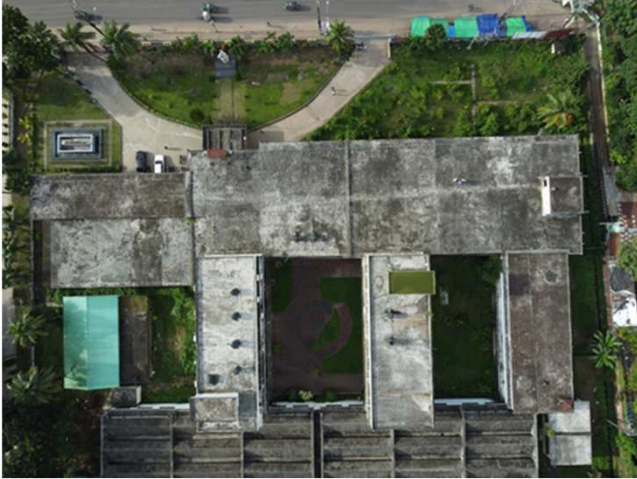

Interior View of A Classroom in The Academic Building

[Note]

Demolition work is currently ongoing on the Academic Building, the RAC Building, and the auditorium.

(The demolition of the existing building, including the removal of the foundation, is expected to take approximately three months.)

4. View of the Roof Floor

[Note]

The Existing Buildings are Connected to The Academic Building, But They are Structurally Separated. In This Context, There are Plans to Demolish The Academic Building and auditorium, The RAC Building but Reconstruct Only The Academic Building.

5. Demolition work in progress.
