Part C. Scope of Work (SOW)

A. Background and purpose

In Bangladesh, GBV is one of the most prevalent forms of human rights violation against women and girls. Locally and globally GBV persists due to deep-rooted patriarchal norms where violence against women and girls or just violence, in general, is normalized. According to the violence against women (VAW) Survey 2015, jointly conducted by UNFPA and the Bangladesh Bureau of Statistics (BBS), 73% of ever-married women in Bangladesh have experienced some kind of violence by their current husband, 55% have reported some type of violence in the past 12 months, and 50% reported physical violence in their lifetime.

Pathfinder International, in partnership with IntraHealth International, has been implementing the USAID Accelerating Universal Access to Family Planning (AUAFP) project in Bangladesh, also known as Shukhi Jibon. The project goal is to contribute to the improved health and human capital in Bangladesh. Gender and gender-based violence are important program elements of the Shukhi Jibon project. The program initiatives include building health providers' capacity to understand gender concepts and perspectives, including gender-based violence with a focus on family planning. The intervention aims to support the services providers in identifying, treating (first aid), and referring GBV survivors, and promoting gender-responsive facilities and services. The Project applies an integrated gender transformative approach that will catalyze opportunities for individuals, communities, and the public sector to recognize and address the root causes of harmful gender norms, promote female leadership within the health system and communities, and reform gendered power inequities

Under the mentioned context, Pathfinder International is seeking consultancy support for developing a job aid on GBV for gender-integrated FP services as well as capacity building of the service providers using the job-aid. B. Responsibilities:

The responsibilities of the Consultant will include, but not limited to:

- a) Working closely with Shukhi Jibon Gender Manager and others to identify the contents/topics to be covered in a practical and basic GBV guide and job aid for FP service providers to refer clients to appropriate support services.
- b) Draft a guide and job aid on GBV for FP providers. The material should build on existing guidance from MOWCA and other relevant agencies and stakeholders.
- c) Obtain feedback from Shukhi Jibon and others and incorporate accordingly
- d) Share the preliminary draft with the GBV action plan development committee (members from DGFP, DGHS, NIPORT, MOWCA and, other stakeholders) and incorporate feedback and working closely with Shukhi Jibon district officers field test of the job-aid and revise accordingly
