### Description Specification

#### Specification

- 6.4m Ø x 0.8mm corrugated galvanised steel sheets measuring 3.0m long x 0.8m high, drilled with 14mm holes on all sides (plain). Minimum tensile strength of all panels 90kN including a safety margin of 25% over maximum required design strength – this permits the sheets to be interchangeable and used in tanks up to 95m³.
- 2 sheets with one hole drilled 95mm Ø for receiving a Flange Assembly, 3" (Oxfam code: G330), at mid point of long side of sheet 175mm from edge to centre of hole.
- 1 sheet with one hole for flange drilled at the centre of the sheet. Hole blanked off with 225mm square plate made from same material and fixed in place with 4x M10 x 20mm round head bolts and nuts.
- EPDM synthetic rubber tank liner with 1.25mm thick (tolerance –2% to +10%) reinforcing scrim, suitable for potable water use, welded to fit 6.4m Ø x 1.5m high tank ring and allowing minimum 300mm turn down on outside with brass eyelets spaced at 1m centres around edge.

#### Components included

##### T95S

Line#	Quantity	Unit	Description
1	25	Sheet(s)	Corrugated galvanised steel sheets with bolt holes
2	2	Sheet(s)	Corrugated galvanised steel sheet with bolt holes and hole for flange (edge)
3	1	Sheet(s)	Corrugated galvanised steel sheet with bolt holes, hole for flange (centre) and cover plate

##### T95L

Line#	Quantity	Unit	Description
1	1	Each	EPDM synthetic rubber tank liner - suitable for potable water use
2	1	Kit(s)	Repair kit for Item 1 comprising: 1m² EPDM material, 10m roll of 50mm wide patching tape
3	21	Metre(s)	Split plastic primary wall capping, 12mm Ø
4	21	Metre(s)	Split plastic secondary wall capping, 25mm Ø
5	60	Each	Spring clip, 25mm steel - for capping
6	1	Bag(s)	Fixings: (x560) M10 x 20mm round head bolt, nut, washer, GI

7	2	Each	Valve, Gate, 3"
8	3	Each	Flange Assembly, 3" - comprising: threaded flange, flange with threaded 3" Ø pipe, synthetic rubber gaskets (x2), M16 steel studs (x4), M16 nuts and washers (x8)
9	3	Roll(s)	Tape, self-adhesive, 50mm wide, cloth-based (Gaffer), 55m
10	3	Roll(s)	Tape, PTFE
11	1	Roll(s)	Rope, polypropylene, ultra-violet stabilised, 6mm x 50m
12	2	Each	Spanner/podger, 17mm, open ended

**Ready To Ship:** 2 days

**Made In:** United Kingdom

**Packaging:** Wooden crate & pallet

**Item Dimensions (cm):** See individual kits

**Volume (m³):** 2.45

**Weight (kg):** 760
